PROJECTS

AI-Powered Resume Analyzer & Job Matcher	Apr 2026 – Present
Java Spring Boot Spring Data JPA OpenAI API MySQL	
- Integrated the OpenAI API with Spring Boot to analyse resumes and return job-specific feedback. - Designed REST APIs for resume uploads and analysis results; stored user data, resumes and analysis history in MySQL using Spring Data JPA. - Matched job roles to AI-extracted skills; separated controller, service and repository logic.	
Expense Tracker	Apr 2026
Java Spring Boot Spring Data JPA H2	
- Built REST APIs to manage expense records and return summary totals and counts. - Used Spring Data JPA for database access and H2 for development and testing.	
Employee Payroll Management System	Oct 2025
Java JDBC MySQL	
- Built a Java application to create, view, update and delete employee records using JDBC and MySQL. - Implemented salary calculations, including allowances and deductions, and database exception handling.	

EXPERIENCE

AI-ML Analyst & Annotator InnoData	May 2026 – Aug 2026
